

Minutes Constantine Township Board Dec 1, 2010
Special Meeting

The meeting was called to order by Supervisor Hutson at 7:10 pm.

Present: Hutson, Schmidtendorff, Brown, Paananen, Freude
Florence Township representatives
Fire Department Representatives

Three bids were secured for cutting brush on Winding River Rd. Township Board agreed that the St. Joseph Road Commission would complete the cleanup. Hutson will contact the Road Commission.

Fire Chief Haydon reviewed the reasons why a new tanker is needed and why a new tanker is not needed. At this time a new tanker will not be purchased. There is a possibility that one engine could be eliminated and a tanker purchased.

Discussion proceeded in regard to all vehicles becoming equally owned by Constantine and Florence Township and Constantine Village.

Dialogue with the Village should be pursued with the Village regarding equal ownership. Both Townships were represented at the meeting and are in favor of discussing pros and cons of joint ownership.

Chief Haydon would like to have the Townships and Village give him a time frame for replacement of engines, pumpers and tankers.

Motion Carried. Moved by Paananen and supported by Freude to adjourn. Adjourned.

Respectfully submitted by

Marti Brown Clerk
